

*Nothing can replace  
a mother's love*

*A mother's love is  
unconditional.*

*They cry when you do.  
Laugh, when you're happy.*

*Worry, when you don't.  
Support you when you do.*

*No distance can come  
between a mother  
and their child.*

*For Sophia,  
this, and every,  
Mother's Day  
might have been  
a reminder  
that her mum  
was no longer  
around.*

*Fortunately, Care Flight came to the rescue.*

*Mothers, fathers, daughters,  
sons, families.*

*So many of them owe their  
lives to Care Flight.*

*Care Flight owes its  
existence to people like you.*

*Please ensure they are there  
when they're needed.*

*Show someone you love  
that you care  
this Mother's Day.*

*Simply tear off the attached  
greeting, and send it to the  
one you love.*

*It will show  
your support for them,  
and for CareFlight.*

*Thank you.*

**CareFlight**

*Happy Mother's Day*

*To dear*

*Wishing you  
health and happiness  
this Mother's Day*

*with love*
