The Company has a formal process to educate new directors about the nature of the business, current issues, corporate strategy and expectations concerning the performance of directors. The Chairman of the Audit & Risk Committee receives an allowance in recognition of the time he commits to the affairs of the Company above and beyond the normal role of chairman of a board committee. In addition two executive directors receive remuneration in their roles as salaried officers. In accordance with the requirements of the NSW Charitable Fundraising Act 1991, these arrangements have been approved by:

Audit & Risk Committee

The primary function of the Audit & Risk Committee is to assist the Board in fulfilling its responsibilities by reviewing the financial information to be provided to Members and other stakeholders and assessing the adequacy of internal control systems, accounting policies and the audit process. The Group's external Auditor, the CEO and the Finance Manager are invited to Committee meetings at the discretion of the Committee.

Risk management

The Board considers that risk management and compliance underpin sound management and that oversight of these matters is an important responsibility of the Board. The Company has developed a risk management plan which has been approved by the Board. The plan identifies the Company's key strategic, operational, legal, reputational and financial risks and provides a framework for the periodic review and assessment of these risks.

The Board requires the CEO and the Finance Manager to provide certification that the Company's financial reports are based on a sound system of risk management and internal control. From a risk management perspective this certification is supported by:

- the financial, operational and strategic reporting which occurs in the context of the Board papers and Board meetings
- the annual audit conducted by the Company's external Auditor
- the review function of the Audit & Risk Committee and
- the periodic assessment by the Board of the risks identified in the risk management plan.

Prior to and for purposes of the annual general meeting, the Company distributes to Members the audited financial statements of the

Company.

The external Auditor attends the annual general meeting of Members to answer questions concerning the conduct of the audit, the preparation and content of the Auditor's report, accounting policies adopted by the Company and the independence of the Auditor in relation to the conduct of the audit.
