

CareFlight

Registrar Career Information Evening

Join us for an interesting evening and a sneak peek into the exciting, challenging and fast-paced world of retrieval medicine.

CareFlight is an aeromedical charity, established in 1986. Our mission is to save lives, speed recovery and serve the community.

We use helicopters, fixed wing aircraft, jets and road ambulances to bring a hospital level of care to patients. Our critical care doctors and nurses are specially trained in pre-hospital and transport medicine. They look after severely injured people who need emergency treatment at the scene of the accident, and seriously ill people who need to be moved between hospitals.

DETAILS OF THE EVENING

Date	Wednesday, 8th June, 2022
Time	6.15pm - 9pm (presentations begin at 7pm)
Location	CareFlight Headquarters 4 Barden St, Northmead NSW 2152 and via Zoom
